

Training Announcement

Fire Prevention
and Control

Battery Emergencies and Electrical Storage Systems

COURSE LOCATION: Town of Mohawk Fire Dept.
2645 State Highway 30A
Fonda, NY 12068

TRAINING DATE: April 14th
6:30pm

DESCRIPTION:

The course gives the students information on the dangers associated with lithium-ion battery emergencies. Students are given knowledge on the uses, construction and hazards associated with lithium-ion battery storage systems. Students are also advised on firefighter personal protective equipment (PPE) needed to safely respond to these incidents as well as recommendations to coordinate the incident and mitigate the hazards. The students are also given an overview on lithium-ion battery vehicle emergencies and recommendations to handle them.

PREREQUISITES:

None

REQUIREMENTS:

Training Authorization Letter

REGISTRATION:

Registration is done through the DHSES's Learning Management System. You can login to the system and obtain additional information about the system at <https://lmsportal-dhSES.ny.gov> , OR click on the link below:
