and Control

Confined Space Awareness and Safety

Provides identification and awareness information to allow students to make reasonable judgments in confined-space rescue situations. It includes topics such as regulations, response planning, hazard types, personal protective equipment, retrieval equipment, and air quality. Case histories and student exercises provide opportunities to practice planning skills for confined space rescue response, as well as evaluate past incidents.

Designed for: All emergency response personnel

Course Length: 6 hours

Location: Ft Plain Fire Department, 168 Canal St, Ft Plain

Dates: Wednesday, April 15 and Thursday, April 16

Time: 6:30 PM each night

There are no prerequisites for this class, it is open to all emergency personnel.

Please sign up via LMS or use the QR Code below. If you have difficulties, please reach out the Emergency Management Office or Fire Coordinator's Office.
