Fire Officer I - (NFPA 1021-2020 ed.)

Fire Officer I is completed by taking the five separate Fire Officer I Modules as outreach courses in any order: Leadership and Supervision, Company Training & Community Risk Reduction, Firefighter Health and Safety, Planning and Emergency Response, and Fireground Strategy and Tactics for First Arriving Companies.

This is the first course in the Fire Officer series, addressing all of the job performance requirements found in Chapter 4 of NFPA 1021, Standard for Fire Officer Professional Qualifications. Topics include assuming the role of company officer, fire department organization, leadership, supervision, communications, building construction, pre-incident planning, and company level training. Additionally, the Fireground Strategy & Tactics for First Arriving Companies course is embedded within the Fire Officer I course and covers topics such as scene size-up, engine company operations, truck company operations, and response to non-fire emergencies.

Designed for: Current and prospective fire officers

Prerequisites: Any one of the following New York State Office of Fire Prevention and Control courses that includes Firefighter I, Basic Firefighter Training, Essentials of Firefighting, or Basic Exterior Firefighting Operations or Scene Support Operations
